

IMED BOUZIDI

Software Engineer

Bardo, Tunisia | 📞 29071349 | ✉️ bouzidy.imed@gmail.com | [🌐 LinkedIn](#) | [🐙 GitHub \(imedbennington\)](#) | [🐙 GitHub \(ImedBouzidi\)](#) | [🌐 Portfolio](#)

SKILLS

Programming: Java, Python, JavaScript, TypeScript, Algorithms & Data Structures
Frameworks: Spring Boot, Angular, React.js, Flask, Flutter, Laravel
DevOps: Docker, Kubernetes, Jenkins, CI/CD, Git, Jira
Tools: PostgreSQL, MongoDB, Redis, Apache Kafka, Prometheus, Grafana, Keycloak, n8n, OCR

INTERNSHIPS

Software Engineering Intern **INSY2S** | Lille, France (Remote) | Feb 2026 – Jun 2026
Unified Request Management Platform (Gomrah) — Full-Stack Developer & Architect

- Designed and built a scalable microservices platform for omnichannel request intake (Email, WhatsApp, Web) with intelligent automation.
- Engineered a multi-engine OCR pipeline (Tesseract + EasyOCR) and fine-tuned a BERT model to automate request routing.
- Orchestrated business workflows using n8n and deployed a local LLM (Gemma 2B via Ollama) for multilingual reply generation.
- Implemented security (Keycloak), message broker (Kafka), caching (Redis), CI/CD (Jenkins, Docker), and monitoring (Prometheus, Grafana).

Software Development Intern **Selmi IT Innovation** | Zaghouan | Jul 2025 – Sep 2025
• Developed concept for Ala Dhemtk platform, building backend with Spring Boot and frontend with Angular 19.

- Integrated frontend/backend, used GitHub for collaboration, and contributed to deployment and testing.

Software Intern **M-IT Organization** | Tunis | Jul 2024 – Aug 2024
• Designed and developed both the frontend and backend of a Learning Management System (LMS) using Laravel 11.

PROFESSIONAL EXPERIENCE

Freelance Software Developer

- Built and deployed a desktop application for a coffee shop; gathered requirements, wrote manuals, and provided ongoing support.

Founder

Agricultural Project | Kasserine | 2020 – 2023

Bookstore Manager

Bookstore | Tunis | 2018 – 2019

- Managed customer relations and daily sales operations.

EDUCATION

2023 – 2026 Engineering Degree, Computer Science — **Iteam University**, Tunis (Graduated 2026)

2011 – 2014 Applied Degree in Computer Science — **ISSET**, Kasserine
